1. ABOUT US

In today's world, Companies, regardless of their domain, location or size, face an ever-increasing call for profitability and quality that can add to their sustainable progress. In order to turn these pressures into a competitive benefit, you need to develop an efficient management system personalized to your business processes and use it systematically to maintain and continually improve your company's overall performance.

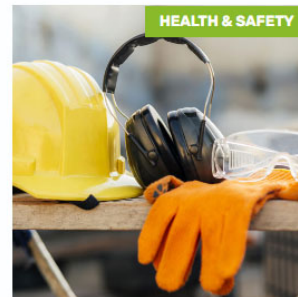

Whether your organization' Management System is already certified and wish to renew, or are looking for a new certification of your management system, **TIS Certification** can support you. We are an accredited independent Conformity Assessment body for Management system Certifications with [Accred Services International Board \(Europe\) Limited \(ASIB\) Accreditation](#) and our experts are fully equipped to guide you in this journey. We at TIS offer a broad portfolio of services within management system certification and related services. Through our progressive Risk-Based Certification approach, we evaluate your system's compliance with international standards and measure how well key systems support your business processes while building sustainable business performance over time.

2. OUR MISSION, VISION & VALUES

Our Mission

We, at TIS Certification, are a Client-centric management systems' certification body with mission, values and vision to enhance operations and administration performance of client-organizations, regardless of the size or location of the Client.

We understand and acknowledge the fact that modern businesses face an extensive range of risks, ranging from quality management and operational risks to new threats linked to digital transformation and complex supply chains.

Therefore, our Mission at TIS Certification is to provide our Clients with courteous, friendly, ethical, "Adding-Value-Assessment", certification services with integrity, that enable them to continually improve their business performance and mitigate risk in a fast-changing world. Our services contribute to our clients' aims to achieve compliance, increase stakeholder confidence and achieve excellence.

Our Vision

Our aim is to be recognized by our customers and the general public as a leader in management system certification and a trusted partner. TIS Certification seeks to play an active role in the digital economy and in the development of accredited certification and other assurance services.

Our Values

Our work as a certification body depends on our ability to listen to our clients, deliver services efficiently and maintain our integrity. To this end, we apply five principles in our day-to-day work: **Client focus, Excellence, Ethics, Impartiality and Innovation.**

We listen to our customers, delivering high-quality service that meets their needs and creates value. We help our clients move forward by being innovative in our approach and the way we deliver services. And we maintain honesty and fairness in all situations, acting with independence to deliver professional and unbiased conclusions.

Putting our Mission, Vision and Values into Practice

We at TIS Certification recognize that we are in a competitive industry and our clients have a large choice when choosing a certification body/registrar. In order for TIS to stand out and succeed we are equally committed to all clients, irrespective of size and location and we strive to retain existing clients as well as recruit new clients. We review our performance continually and invigorate our approach when required.

We are committed to perform our activities in accordance with the customers' requirements, local, legal and regulatory standards and business practices to enhance our customers' satisfaction.

To achieve these objectives, we have set up the below guidelines for all our employees:

- To enhance the customers' satisfaction by providing the materials and performing the services in duly manner on time and within the agreed budget.
- To allocate the necessary resources required for regular technical training and evaluation of the employees' awareness about the company quality standards.
- To apply the control tools towards our suppliers and subcontractors and to control their quality and procedures complying with our policy.
- To develop safe and risk-free culture by conducting regular risk assessments and to deploy the appropriate measures to minimize the identified risks.

Meeting these high standards is the responsibility of the entire team. TIS Management ensures that our vision is communicated to all relevant personnel and organisations who work with us in order to ensure our ethos is clear and followed.

Our Motto is to be your Guide and Partner to Certification Success!!!

7. HOW TO VERIFY YOUR ISO CERTIFICATE?

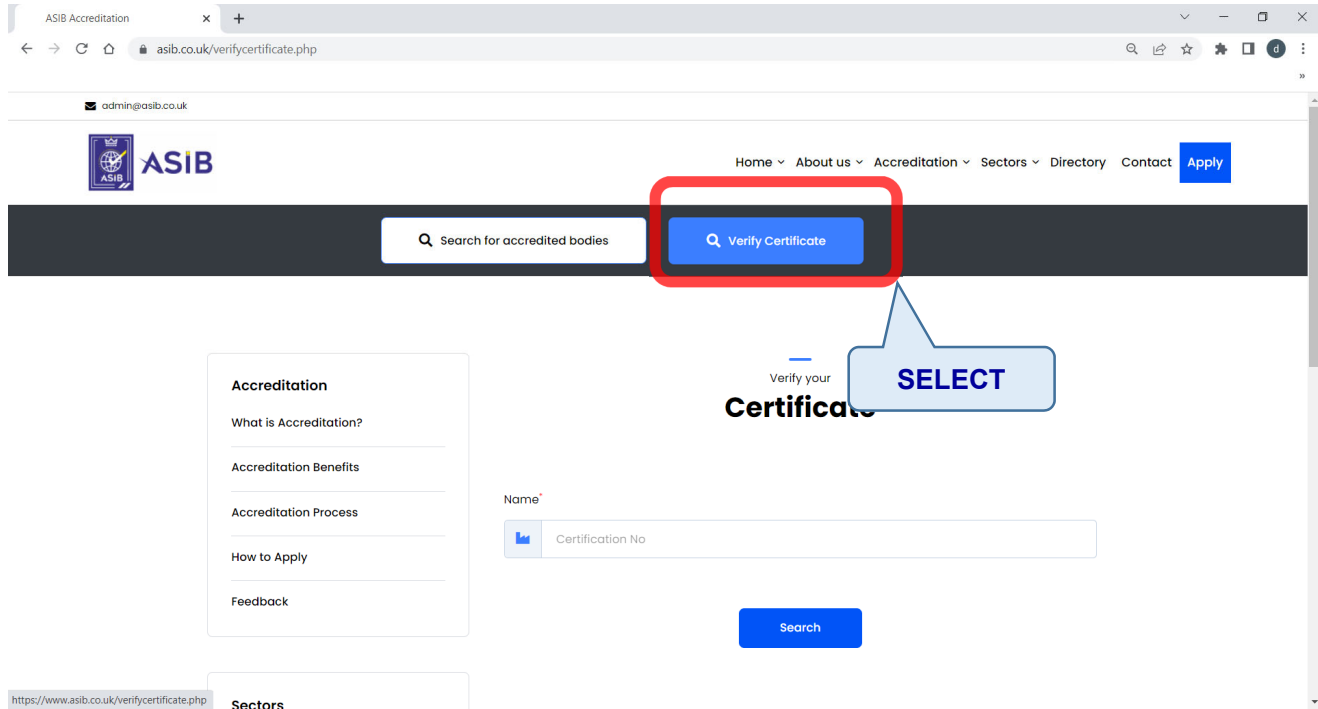

STEP 1: Visit <https://www.asib.co.uk/>

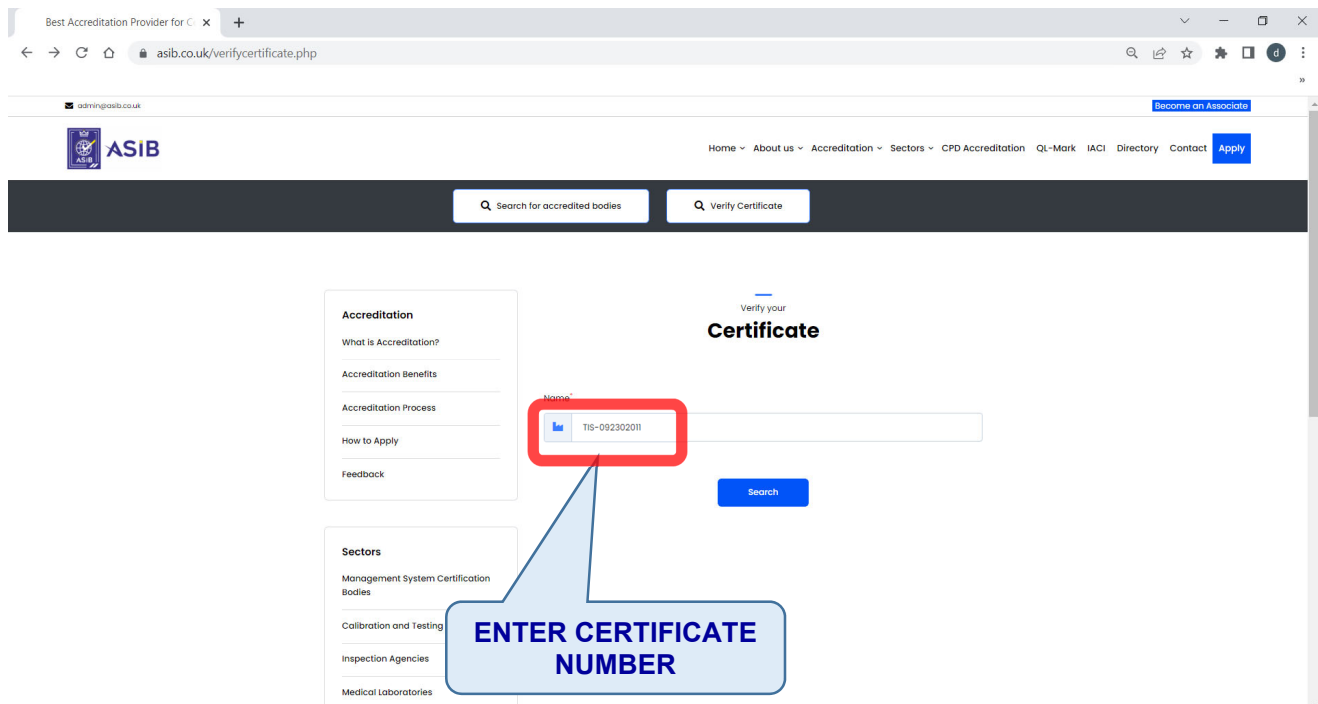

STEP 2: Go to "DIRECTORY" Tab

STEP 3: Select “VERIFY CERTIFICATE” tab, enter the Certificate Number and search

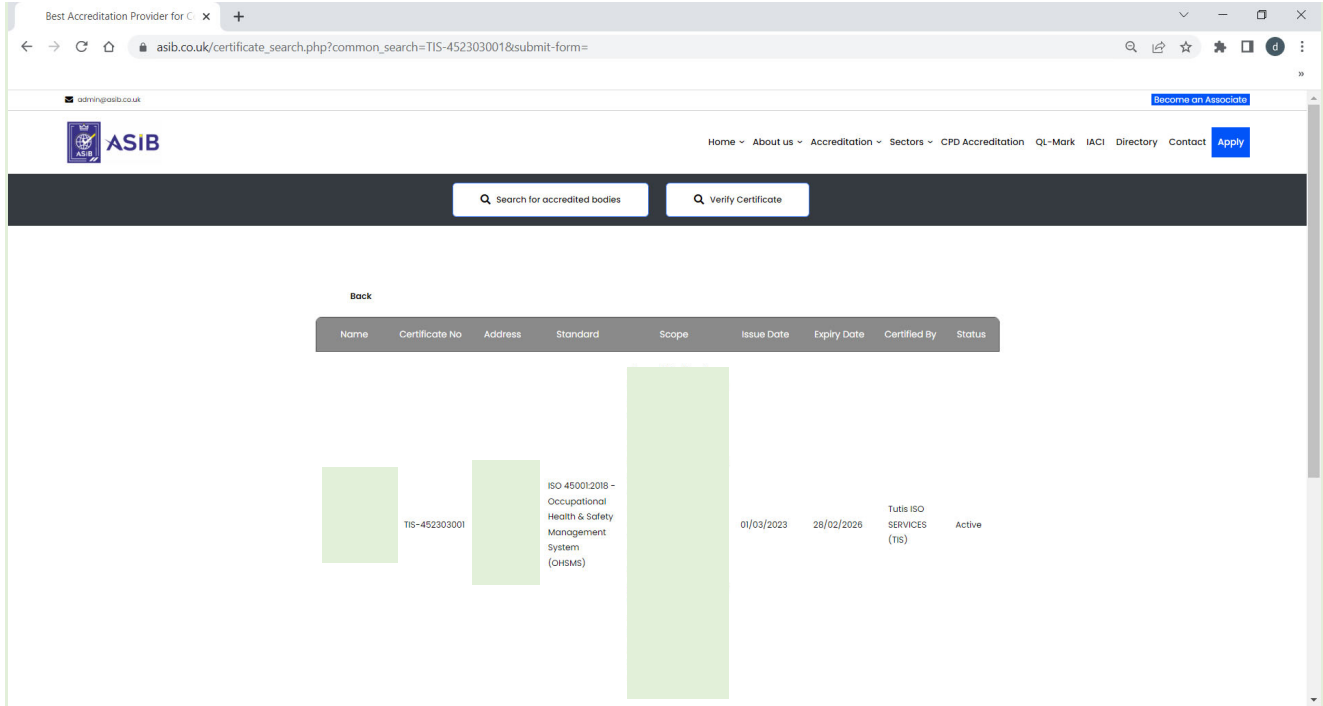

The screenshot shows the ASIB website's 'Verify Certificate' page. The 'Verify Certificate' button in the top navigation bar is highlighted with a red box. A blue callout bubble with the word 'SELECT' points to this button. Below the navigation bar, there is a search bar for accredited bodies and a 'Verify Certificate' button. The main content area features a sidebar with 'Accreditation' links (What is Accreditation?, Accreditation Benefits, Accreditation Process, How to Apply, Feedback) and a 'Sectors' section. The main form has a 'Name' field and a 'Certification No' field. A 'Search' button is located below the form.

The screenshot shows the ASIB website's 'Verify Certificate' page with the 'Certification No' field filled with 'TIS-092302011'. A red box highlights the text in the field, and a blue callout bubble with the text 'ENTER CERTIFICATE NUMBER' points to it. The 'Search' button is visible below the form. The sidebar and navigation elements are consistent with the previous screenshot.

STEP 4: Your Certificate details will appear as below

The screenshot shows a web browser window displaying the ASIB website. The URL is asib.co.uk/certificate_search.php?common_search=TIS-452303001&submit-form=. The page features a search bar and a table of certificate details.
